CHIC & SPACE-SAVING

TANKLESS EWC

NO CISTERN IS REQUIRED

NORMAL EWC

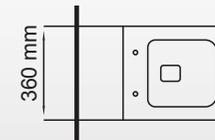

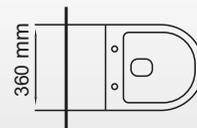

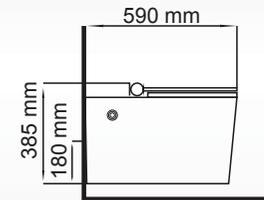

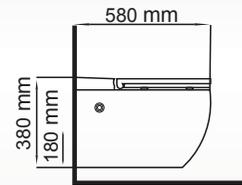

CONCEALED CISTERN IS REQUIRED

BREAKS THE RULES. NOT THE WALL.

Presenting for the first time in India - the Tankless Wall Mounted EWC. It's a unique product, designed to be compact and space-saving. It does not require a cistern for flushing, allowing more bathroom space while ensuring hygiene. It is available in two shapes - Round (S1) and Square (S2) and aesthetically designed to look sleek and premium in modern bathrooms.

Designed to add **comfort, convenience, hygiene, and elegance** to your bathroom

Tankless S1 Tankless S2

It requires 2.0 bar pressure for **optimum flushing**.

4AA batteries are required for power supply which is enough to **last up to 1.5 years** for a family of four.

Comes with an attached **Duroplast soft-close seat cover**

Saves cost on labour & maintenance

Quick installation in **3-4 hours*** since there's **no need to break the wall**

*T&C Apply.
